Confirmation Letter

This letter confirms arrangements for the course to be taught by Anatolii Savchuk at the Faculty of Mechanics and Mathematics of Ivan Franko National University of L'viv, Ukraine. The course Econometrics and Data Science is arranged for the spring (from February to April, 2019) semester. The course will be included in the core curriculum for undergraduate students at the Department of Mathematical Economics and Econometrics. The expected enrolment should be around 50 bachelor students. Study rooms for seminars and lectures will be provided.

Dean

I. Guran
