Confirmation Letter

This letter confirms arrangements for Introduction to Corporate Finance and Macro Topics: Introduction to Matlab courses to be taught by Olga Bychkova in the spring/summer semester (from February to May, 2020) at the Faculty of Mechanics and Mathematics of Ivan Franko National University of Lviv, Ukraine. The Department of Mathematical Economics and Econometrics will offer teaching opportunities including a cohort of around 50 bachelor and master students for each course and study rooms for seminars and lectures.

We look forward to meeting Olga Bychkova soon and to her participation in the academic life of the Faculty of Mechanics and Mathematics.

Dean of the
Faculty of Mechanics and Mathematics

Head of the Department of Mathematical
Economics and Econometrics

Igor Guran

Volodymyr Kyrylych
