Wien, am 19.05.2022

Individual internship program
Kurt Gödel Research Center (KGRC) for Mathematical Logic,
University of Vienna
May 2022. (4 credits, 120 hours)
Marta Maloid-Hliebova

Introduction to the internship: 10 hours

Research and analysis of prime and secondary spectrums of modules: 30 hours

Research work on the article: 40 hours

Talk about research interests: 30 hours

Talk about results of the internship: 10 hours

Sincerely,

Lyubomyr Zdomskyy

Confirmation of the visit to Institute of Mathematics (KGRC), University of Vienna

Dear Sir/Madam

This letter is to confirm that Dr Marta Maloid-Hliebova, of the Department of Algebra, Topology and Basics of Mathematics of Ivan Franko National University of Lviv, carried out a month long internship at the Institute of Mathematics (KGRC), University of Vienna in May 2022. (4 weeks, 4 credits, 120 hours).

Dr. Maloid-Hliebova presented a talk at our seminar on the topic "Topological properties of spectra of modules" and she talked about her research interests and results with members of KGRC.

The visit was organized within the Stipendium Program "Stipendien Lemberg" by OeAD-GmbH, Agentur für Bildung und Internationalisierung.

Sincerely,

Lyubomyr Zdomskyy
